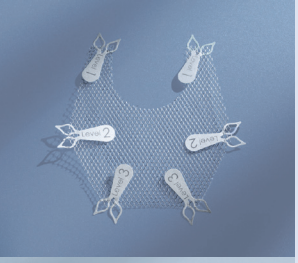
Trainer

Dr. med. Tina Cadenbach-Blome
Head of the Gynecology & Obstetrics Department

Dr. med. Tina Cadenbach-Blome is a highly accomplished surgeon with recognized expertise in medical education and training. As Head of the Department of Gynecology and Obstetrics at Klinik Tettnang GmbH, she brings extensive expertise in her field. In her workshops, she demonstrates the use of state-of-the-art mesh implants for the treatment of pelvic organ prolapse, as well as the application of adjustable slings for the management of female stress urinary incontinence.

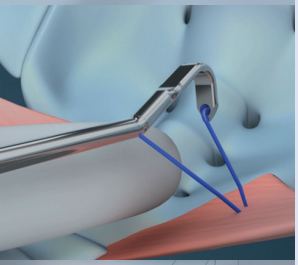


InGYNious
Effective repair with 3-level fixation through just one incision. Various implant shapes and sizes allow treatment of a range of defects

Anatomic Pelvic Floor Repair System

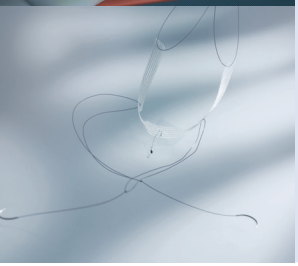
BSC Mesh
Bilateral Sacrospinous Colposuspension
Minimally-invasive form of correction for pelvic floor prolapse

The mesh material is ultra-light-weight with optimum elasticity, and is designed to reduce foreign body reaction, promote tissue integration and avoid mesh encapsulation.



i-Stitch
Enables quick, safe placement of sutures in hard-to-reach areas, for fixation or suspension of mesh on all levels

In combination with the i-Stitch, these mesh implants form a complete system for the treatment of female uro-genital prolapse.



sensiTVT
The latest revolution in female sling surgery. Sling for treatment of female SUI with passively articulating joints and adaptable suburethral graft

Patient-specific adjustment by means of the pre-positioned sutures can be made in both directions, up to 5 days post-operatively!

Program

Day 1	Arrival in Friedrichshafen no later than 6:15 pm
7:00 pm	Welcome & dinner with Dr. Tina Cadenbach-Blome & A.M.I. representative
Day 2	
approx. **8.00 am**	Theory & Practical sessions commence in the hospital
