Treatment of Hemorrhoidal Disease with TRILOGY

Date

Thursday, March 4, 2027

Location

Krankenhaus Göttlicher Heiland
Department of Surgery
Dornbacher Strasse 20 – 28
1170 Vienna
Austria

Content

Theory and practical sessions will cover:

- Basics of haemorrhoidal disease
- Indications
- HAL (Hemorrhoidal Artery Ligation) + Recto Anal Repair (RAR) – mucopexy of prolapsing tissue
- Advantages and disadvantages
- Group discussion

Trainer: Dr. Alexis Freitas
Senior Surgeon, Fellow of the European Board of Surgery, Division Coloproctology

Senior surgeon Dr. Alexis Freitas is specialised in colorectal procedures and recipient of the European Board of Surgery Qualification in Coloproctology.
He is extremely versed in demonstrating the HAL and RAR techniques, having treated many hundreds of patients over the past several years and gathered a wealth of experience over that time. Dr. Freitas will pass on his own tips and tricks for carrying out successful procedures, and will also discuss his own results in detail with workshop participants. Together with the hospital's surgical team, Dr. Freitas looks forward to welcoming you in the delightful city of Vienna to learn more about HAL-RAR.

HAL (Hemorrhoidal Artery Ligation + RAR (Recto Anal Repair)

- Minimally-invasive treatment for lower grades of hemorrhoids
- Mucopexy of prolapsing mucosa
- No tissue resection necessary
- Low-pain and low-risk treatment for more severe hemorrhoids
